NOTES

1. For use with 1-1/4" thick plates only. This bolt is not stocked at all divisions, check with Purchasing for availability. Purchase Request may be required.
2. This bolt is not stocked at all divisions, check with Purchasing for availability. A Purchase Request is required ASAP.
3. This bolt is a round button head bolt (not a hex head) and is used as a construction bolt for lapped girt connections and for framed opening connections.
4. Zinc is the standard offering for this bolt. Galvanized is available, but not at all divisions. Please see purchasing to see if Galvanized is available at your division or the division a job is being transferred to.
